IT IS HEREBY STIPULATED and agreed by the undersigned parties that

Marcy L. Plaza is a Forensic DNA Examiner working in the DNA Casework Unit - Laboratory Division, for the Federal Bureau of Investigation, in Quantico, Virginia. If she were to be called to testify in this trial, she would testify that Item 108(1) was a

cutting of a staining from the generator cover from aft near stern from the Boston Whaler boat named Painkiller. She would further testify that Item 108(1) was subjected to nuclear deoxyribonucleic acid (DNA) typing using short tandem repeats (STRs) employing Polymerase Chain Reaction (PCR) Amplification and male DNA was present in item 108(1). She would further testify that interpretation of item 108(1) was performed assuming that the DNA originated from one individual and that Johnathan Fraser is excluded as a potential contributor to item 108(1). An exclusion means that the person of interest (i.e., Johnathan Fraser) was not detected in the DNA results.

IT IS SO STIPULATED.
